Hello all. Just got back to the office...FYI, in the final signed version of the memo to the President, the factors listed had changes as well were changed to numbers as opposed to ...(i), (ii), etc.

- (1) the requirements and original objectives of the Act, including the Act's requirement that reservations of land "...be confined to the smallest area compatible with the proper care and management of the objects to be protected";
- (2) whether designated lands are appropriately classified under the Act as historic landmarks, historic and prehistoric structures, [or] other objects of historic or scientific interest;
- (3) the effects of a designation on the available uses of designated Federal lands, including consideration of the multiple-use policy of section 102(a)(7) of the Federal Land Policy and Management Act (43 U.S.C. 1701(a)(7)), as well as the effects on the available uses of Federal lands beyond the BENM boundaries;
- (4) the effects of a designation on the use and enjoyment of non-Federal lands within or beyond the BENM boundaries;
- (5) concerns of state, tribal, and local governments affected by a designation, including the economic development and fiscal condition of affected states, tribes, and localities;
- (6) the availability of Federal resources to properly manage designated areas; and
- (7) such other factors as the Secretary deems appropriate.
